## Welcome To Bowling Green

"A New Look" — that's the accent for the 1977 football season and understandably so.

With a new coach, a new staff, new uniforms, new option-style offense and a new hard-hitting defense, the label fits exceptionally well. Newness also comes in the form of a first time meeting between BGSU and a Big Eight Conference school: Iowa State.

The only question remaining is performance, and on that note we are optimistic.

Much of the success of the 1977 season will hinge on the well established talents and leadership skills of several returning veterans. Another pivotal factor will be the extent to which the hopes for the current outstanding freshman class will be realized. Seven recruits played in this year's Ohio North-South All-Star game.

An MAC championship could be in the offing. The "who's number one" issue may well be settled on Per-

ry Field in encounters with pre-season conference favorite, Western Michigan, and those always troublesome arch-rivals, Toledo and Miami.

While the promise of good football and the exciting Falcon Marching Band are the principal attractions for you today, I hope our visitors will also move freely about our campus absorbing its beauty and learning more about its many features, academic as well as cultural. There's a never ending array of outstanding theatre and music events, lectures, seminars, and exhibits. I would encourage a visit to our special-purpose facilities, particularly the Library and the Educational Memorabilia Center — the Little Red Schoolhouse.

Our University is once again at full capacity enrollment. Each year brings curriculum changes, new degree programs and fresh approaches to teaching. Further, the "new look" extends well beyond the confines of Perry Field. The face of the campus is in the process of undergoing some dramatic changes with the construction of the Musical Arts Classroom Building and Performance Hall and the Recreation Center, which will include aquatic facilities, a large multi-purpose area, and specialized areas for more individualized recreation ranging from archery to racquetball to squash. Sterling Farm (where both are located) will look like a farm no longer.

Ours is a campus which we hope you will visit and enjoy often.

President

# Coach Denny Stolz

By TONY PULGINE

Former Big Ten Coach-Of-The-Year Denny Stolz is the man at the controls of this year's Falcon football team.

Stolz, 43, becomes the 12th head coach in Bowling Green football history after a three-year head coaching career at Michigan State University.

As the head man at MSU, Stolz compiled a 19-13-1 record. During that period, it was the only winning record produced by Big Ten coaches other than Woody Hayes or Bo Schembechler.

Stolz, a graduate of Alma College, started his rebuilding program at Michigan State with a 5-6 record in 1973, and a 4-4 conference mark, which put the Spartans in a four-way tie for fourth place.

In 1974, he directed the Spartans to their best record since 1966 by compiling a 7-3-1 record and a 6-1-1 conference mark for a third-place finish. Only a tie with Illinois kept the Spartans out of the championship picture.

For his efforts, Stolz was named Big Ten Coach-Of-The-Year. The highlight of the season was the 16-13 win over the Ohio State Buckeyes, who were ranked No. 1 in the nation at the time.

The 1975 season found the Spartans compiling a 7-4 record and a 4-4 Big Ten mark, for another third-place finish.

His success in the coaching ranks brought him a post-season all-star coaching assignment in January of 1976. He directed the North team to a win in the All-American Bowl played in Tampa.

Stolz began his career with the Spartans as an assistant football coach and defensive coordinator under Duffy Daugherty in 1971. In two seasons, his defensive units ranked second and third in the Big Ten in total defense.

Prior to joining the Spartan staff, Stolz was the head coach at Alma College from 1965-1970. Taking over a team that had won but three games in four years, Stolz molded Alma into a Michigan Intercollegiate Athletic Association (MIAA) power. During his six-year tenure at Alma, his teams captured three MIAA championships and compiled an 18-game winning streak with two consecutive undefeated seasons in 1967 and 1968.

A native of Lansing, Mich., Stolz started his head coaching career at Haslett High School, where he had an eight-year record of 40-13-3 from 1955-1963. He was the defensive coordinator at Lansing Eastern High School in 1964.

He earned a bachelor's degree from Alma in 1955, and a master's degree from Michigan State in 1960. He and his wife, Cena, are the parents of a son, Doak, 17, and daughters, Dawn, 16, and Denise, 9.

**BOWLING GREEN'S 1977 COACHING STAFF:** First row, l-r, Denny Stolz, head coach; Charlie Butler, assistant to the head coach and offensive line; Mike Rasmussen, offensive coordinator and offensive backs, and Steve Beckholt, defensive coordinator and linebackers. Second row, Russ Jacques, defensive backs; Pete Riesen, defensive ends; Charley Baggett, assistant offensive backs; Gary Pinkel, receivers, and Jim Taubert, defensive line.

## The Coaching Staff

**CHARLEY BAGGETT**, 1975 Michigan State co-captain, will assist the offensive staff with the backfield and work with the development of the younger players on the team. He holds the MSU career total offense record of 4,041 yards set during 1973-75 seasons. The 1975 MSU graduate won All-Big Ten quarterback honors and was State's most valuable player in 1974.

**CHARLIE BUTLER** was Stolz's offensive line coach at Michigan State from 1973-75 and will have the same duties at BG. The 1961 graduate of Middle Tennessee will also serve as assistant to the head coach. An offensive guard and linebacker in college, Butler has also coached at Middle Tennessee (1966-71) and Colorado State (1972).

**STEVE BECKHOLT** was defensive coordinator at Albion (Mich.) College last year when team went 9-0 and led NCAA Division III teams in total defense and scoring defense. The 1971 Michigan State graduate will coach defensive ends and linebackers and serve as defensive coordinator. He was a two-year letterman at linebacker for Western Michigan before transferring to MSU.

**RUSS JACQUES** starts his third year on the BG staff as defensive secondary coach. His defensive backs ranked eighth in the nation in 1975. The 1967 Bowling Green graduate won five letters in baseball and football. Joined staff after one year as head coach at North Royalton High School.

**GARY PINKEL** will coach the tight ends and receivers after serving for two years on the coaching staff at Washington State. The 1975 Kent State graduate won all-conference honors at tight end in 1972 and 1973 while gaining All-America honorable mention. He twice led Kent in receiving and was a captain of the 1973 team.

**MIKE RASMUSSEN** will coach the offensive backs and serve as BG's offensive coordinator. He joins the staff after serving for two years at the University of Hawaii as offensive coordinator. A 1972 graduate of Michigan State, Rasmussen was the quarterback for the Spartans in 1970 and 1971.

**PETE RIESEN** starts his second year at BG and will coach the defensive ends. He also is BG's head wrestling coach. Riesen was head football and wrestling coach at Heidelberg College before coming to BG. His Heidelberg football teams were 30-17 and the undefeated 1972 team won the NCAA Division III national championship. As a head football coach, the 1951 Wittenberg graduate has a record of 118-49-3.

**JIM TAUBERT** was co-captain and an all-conference first team defensive tackle on the 1974 Michigan State team which upset undefeated Ohio State and finished third in the Big Ten. The 1974 MSU graduate was named the team's outstanding senior. He will coach the defensive tackles and middle guards. He was assistant football and wrestling coach at Reading (Pa.) High School in 1976.

## Today's Game — Once Over Lightly

Bowling Green ventures into Big Eight Conference territory for the first time in its history with a first-ever meeting with Iowa State University. The two teams are also scheduled to knock heads in 1979 among the cornfields in Iowa.

The Falcons have faced two other teams from the Hawkeye state in years past. The team defeated Morningside, 38-7, in 1948 and beat Northern Iowa, 19-7, in 1947 for a perfect 2-0 record.

The Cyclones just may be the best team to face Bowling Green in 59 years of football. ISU was the surprise of the Big Eight Conference in 1976 with an 8-3 record, wins over Missouri and Nebraska, No. 2 national ranking in total offense and top 20 national ranking. The team came within one game of winning the conference title.

With 35 returning lettermen, the Cyclones were ranked 19th in the Sept. 12 UPI poll after defeating Wichita State, 35-9. However, the Cyclones came up short last week in "THE GAME" as Iowa scored a 12-10 victory in the renewal of the rivalry for the first time in 43 years.

For kicks into the Bowling Green wind, Iowa State has super-foot Rick Blabolil, who has already boomed 17 points for a 44.2 average this season. ISU's kicking game may be one of the best in college football with school recordholder Scott Kollman doing the placekicking and Tom Buck and Ray Hardee returning kickoffs. Buck took one punt back 63 yards for a touchdown against Iowa.

All-America tailback candidate Dexter Green is the big-play man in the offense after averaging 5.2 yards per carry in a 1,074-yard season in 1976.

Cyclone power really hits on defense where tackle Tom Randall (251), middle guard Ron McFarland (256) and tackle Mike Stensrud (265) form one giant brick wall. The trio rates as the best combination in the Big Eight and perhaps the nation. Except for one 74-yard run, opponents have averaged only 1.6 yards per play on the ground in two games.

Today's game is somewhat of a homecoming for Iowa State coach Earle Bruce. An Ohio State graduate, Bruce spent 10 years in Ohio prep coaching circles, including three Coach-Of-The-Year awards. He went 28-9 in four years at Mansfield Senior, 34-3-3 in four seasons at nearby Sandusky and 20-0 in two years at Massillon.

Arch Steel, Iowa State's academic counselor, is a 1940 graduate of Bowling Green who earned seven letters in football, baseball and basketball for the Falcons.

Today's game kicks off the best Falcon home schedule in recent memory. In recent home openers, Bowling Green owns an outstanding 23-2-1 record. However, two "state" teams have done in

the Falcons with Kent State gaining a 14-10 win in 1973 and Utah State gaining a 14-6 victory in 1969 ... If four-year plans keep taking place, the 1977 home opener looms on the minus side.

BG is the second Mid-American Conference team to meet Iowa State. Kent State got bounced in 1976 by a 47-7 count.

Falcon coach Denny Stolz, in making his home debut, will also be coaching against a Big Eight team for the first time.

Falcon quarterback Mark Miller, who has received some pre-season All-America notices, became the fourth MAC quarterback to pass for 4,000 yards in his career when he hit 16 of 25 passes for 161 yards against Eastern Michigan to raise his school record total to 4,144 yards.

Fullback Dan Saleet, running like he did when he was the nation's 15th leading rusher in 1975, ripped off 146 yards in 22 carries against Eastern for the sixth, 100-yard game in his career. He and defensive end Steve Seibert won the BG nominations for MAC "player-Of-The-Week."

BG's new home uniforms will be modeled for the first time today. The Falcons will be wearing brown jerseys with white numerals, UCLA insert stripes and TV numbers on the shoulders along with orange pants, orange helmet, white shoes and white socks with brown tops.

Looking ahead, Western Michigan comes to Falconland next week. That means that Jerome Persell, the nation's leading rusher and scorer behind Tony Dorsett last year, will be running in Perry Field. Last year found Persell running for 186 yards and 4 touchdowns against BG. The Broncos are the pre-season favorites to win the conference championship.

# Chevy Chevette

## 43<sup>MPG</sup> / 31<sup>MPG</sup>

EPA HIGHWAY EPA CITY ESTIMATE

Smile: You've just read the highest EPA estimates for any car built in America. Ever.

Chevy Chevette with available 1.6-litre engine and standard manual transmission.

EPA figures are estimates. The mileage you get will vary depending on your type of driving, driving habits, car's condition and available equipment. In California, EPA figures are lower.

And keep on smiling, there's more.

Chevette has more head room than many mid-size cars. More horsepower this year.

A hatchback that opens up over 26 cu. ft. of carrying space. One of the tightest turning circles of any car in the world.

A diagnostic connector for quick electronic service checks. A service manual written for do-it-yourselfers.

A unitized body that's corrosion-protected.

And nearly 6,000 Chevy dealers everywhere.

If 43 and 31 are your kind of figures, stop by a Chevy dealer soon.

He has some more numbers you'll like too: Chevette's price.

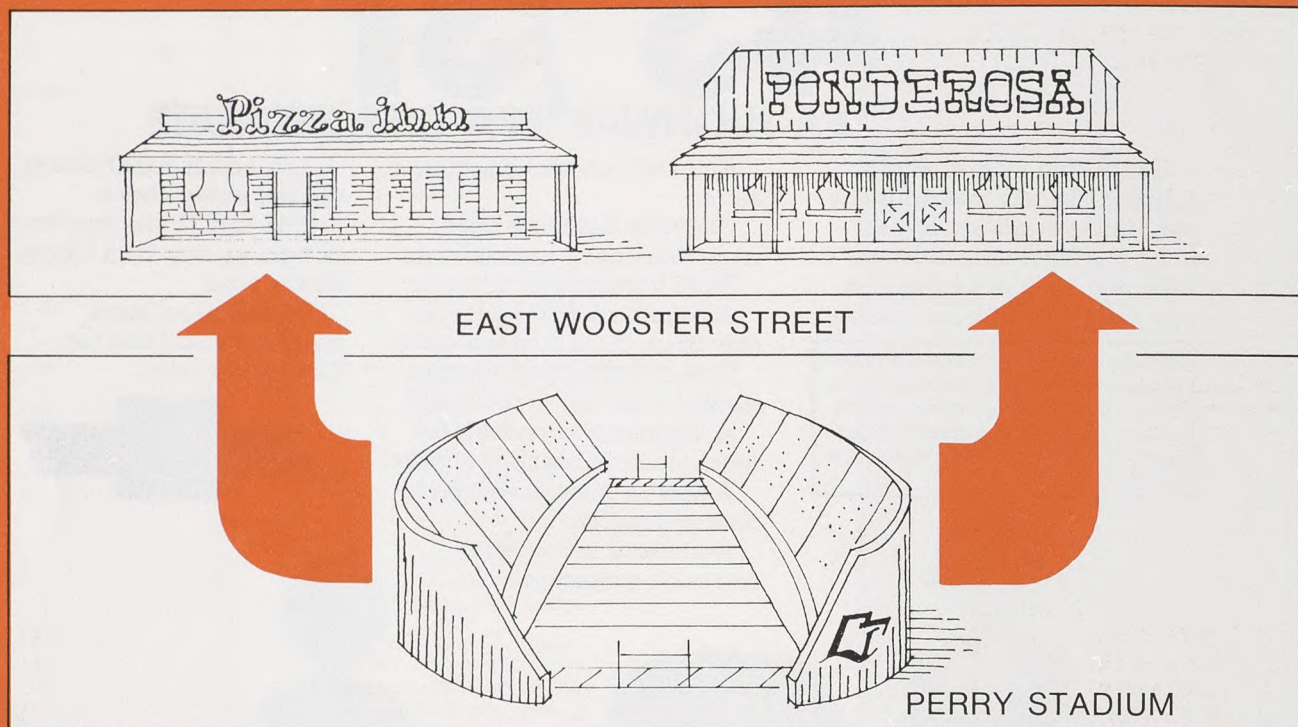

# It'll drive you happy.

# You decide...pizza or steak, a great play either way.

After the game, you'll want something great. Good Italian food or that all-American favorite, steak. Whatever your goal, just walk across the street. Ponderosa or Pizza Inn. No matter which, you win.

# BGSU Researchers Vital To Educational Process

By CLIFTON BOUTELLE  
Director, University News Service

The more we learn, the more we want to know, and at Bowling Green State University, research is a vital part of education.

Last year the University received \$2.6 million from outside sources for research and development. More than half of that amount came from federal sources.

Because faculty in nearly every academic department are involved in research ranging from energy to the study of how television affects children, the following is only a brief overview of research activities on campus.

- The Environmental Studies Center, headed by Dr. William B. Jackson, is studying the environmental impact of the Davis-Besse Nuclear Power Station near Port Clinton; conducting studies associated with the development of rodenticides for use in controlling rats which are immune to common poisons, and testing rats from a number of U.S. cities to learn if rodents found in these metropolitan areas are resistant to certain rodenticides, among other projects.

- Biologist Dr. Reginald D. Noble is investigating how sulfur dioxide affects food production in the leaves of trees and plants. The study is the first of its kind.

- Chemist Dr. Douglas C. Neck-

Biologist Dr. Garret T. Heberlein is concerned with molecular biology and cancer research. His work involves inducing tumors into healthy plants to determine how bacteria irreversibly convert normal cells to tumor cells.

ers is conducting a two-year project aimed at developing a photochemical breakdown process for large-molecule materials, such as polystyrene. If successful, the process could help solve energy and waste disposal problems.

- Dr. Kenneth Kiple of the history department is conducting research in South America and the Caribbean to try to confirm, from a historical perspective, his theory that blacks have different nutritional needs than whites. If the theory is correct, his findings could be used to plan diets to combat nutritional ailments and provide valuable support data for other research on black-related ailments.

- Biologist Dr. Garret T. Heber-

lein is concerned with molecular biology and cancer research. His studies involve inducing tumors into healthy plants in an effort to determine the mechanisms by which bacteria and viruses irreversibly convert normal plant cells to tumor cells.

- Sociologists Drs. Arthur G. Neal and H. Theodore Groat are studying how recently married couples plan families as part of their ongoing study of sociological factors affecting human fertility.

- Fulbright Fellow Dr. George G. Seifert, an associate professor of education, is spending the year in Sri Lanka where he will help develop testing and evaluation procedures for use in that country's school system.

- Dr. John P. Scott, Regents' professor of psychology, is continuing his search for an animal that can be effectively used as a model for research on hyperactivity and aggression in children. Under his direction, the University's Canine Research Center is testing dogs to learn more about genotypic differences in hyperactivity and responses to the stimulant d-amphetamine sulfate.

- Sociologists Drs. Peggy C. Giordano and Stephen A. Cernokovich are conducting a two-year study to find the causes of female juvenile delinquency which is rising at an alarming rate.

- Dr. Harry W. Hoemann, a psychologist who is continuing his study of how deaf and hearing children learn communication skills, is developing a training program to teach deaf children how to communicate better in formal situations.

Biologist Dr. Reginald D. Noble is studying how sulfur dioxide affects food production in the leaves of trees and plants.

## Spirit And Tradition

### Alma Mater

Alma Mater hear us,  
As we praise thy name  
Make us worthy sons and  
daughters  
Adding to thy fame.

Time will treat you kindly  
Years from now you'll be  
Ever dearer in our hearts,  
Our University.

From your halls of ivy  
To the campus scene,  
Chimes ring out with gladness  
From our dear Bowling Green.

When all is just a mem'ry  
Of the by-gone days,  
Hear our hymn dear Alma Mater  
As thy name we praise.

### FORWARD FALCONS

# Iowa State University

## The University

Iowa State University is a broad-based university with specific interests in science, the humanities, agriculture, engineering, home economics and veterinary medicine. It was established by the General Assembly of Iowa in 1858. The institution belongs to the people of Iowa and is governed by the State Board of Regents.

Iowa State has three major functions: first, it is a teaching institution, offering a wide variety of courses on both undergraduate and graduate levels; second, it is a center for research where scientists open new frontiers of knowledge through their investigations; third, it is a service institution reaching out to all parts of the state through extension services whose programs embrace agriculture, industry, community and home.

Iowa State attracts undergraduate students who have done better than the national average on standard tests, and whose previous academic records generally have been high.

Iowa State's varsity athletes also fare well, in general, in the classroom and academic life is emphasized at all times. A high percentage of the athletes eventually earn their bachelor's degrees and some elect to continue work on advanced degrees. Tutor programs are available through the athletic department for anyone needing additional instruction in specific courses. Top scholars are recognized quarterly by the athletic council.

Both undergraduate and graduate instruction at Iowa State are offered throughout the year, divided into four quarters of approximately 11 weeks each.

If there is any truth to the old adage that there is strength in numbers, then the BG athletic program should be a Goliath this fall, as a total of six teams will exhibit their skills on the playing field.

Leading the way will be Mel Brodt's always successful cross-country team, which will be shooting for its 15th winning season in the last 16 years.

With six of the top nine runners returning from last year's undefeated squad, Brodt may be able to find that elusive single point that kept the BG harriers from taking the top spot in last year's conference meet.

Another traditionally successful group that will be trying to lock up its seventh winning season in the last eight years, is Mickey Cochrane's soccer squad. Although a dose of low-scoring blues plagued the Falcon booters last fall, things should improve this year.

Cochrane will roll out the welcome mat for one of the largest groups of returning upperclassmen (16 lettermen) in the history of BG soccer. In addition, he'll try to shore up the on-again, off-again scoring punch by bringing in some of the most highly-prized schoolboy talent in the country.

Among the yearlings on this year's roster are two high school All-Americans, three career scoring leaders and four booters who led their respective teams in scoring last fall.

Hoping to improve on last year's mark will be the women's cross-country team. In their maiden season last fall, the lady harriers finished second in the Eastern Michigan Golden Triangular, fourth in the Michigan AAU championships and 21st in the AIAW nationals.

Things should go better this year since coach Dave Williams has all eight of last year's runners returning. With the initial shock of competition behind them, and a year of maturity under their belts, the lady harriers should enjoy a great deal of success.

Also looking for improvement and hoping a change of surroundings will change their luck are the women on Dr. Sue Gavron's field hockey team. This year's edition of the squad will be playing on a new field, adjacent to the south-west side of the stadium.

Another factor which should help the club, is the return of two of the top three scorers from last year, sophomore Sue Roudabush and junior Tami Smith.

Volleyball, which is one of the most popular women's sports on the college circuit, should be exciting at BG this fall. Six players will return from last year's starting rotation to bolster coach Pat Peterson's charges.

With eight returnees from last year's squad, new women's golf coach Janet Parks should make a successful return to the BG athletic scene.

Parks, who was the women's tennis coach two years ago, may find the adjustment from the courts to the links somewhat easier with the return of last year's most successful player, Karen Parshall.

Parshall, who carried an 82-stroke average for both the fall and spring seasons, has a career best 75 and was runner-up at the Wisconsin-Madison Invitational.

It should be a busy, exciting and hopefully successful fall for all teams involved on the Falcon sports scene.

# FALCON CLUB SPRING MEMBERSHIP DRIVE NETS \$118,684

The drive began with an April 29 kickoff luncheon, attended by 122 workers.

Bowling Green State University's Falcon Club is on the move in support of Falcon athletics! The club kicked off its 14th year of operation in May with a first-ever spring membership drive. Thanks to the efforts of nearly 200 drive workers, the drive produced a record-shattering 1,197 members and \$118,684 in cash gifts. Falcon Club funds support BGSU's athletic scholarship, recruiting and team travel programs.

The club's financial goal for the year is \$175,000, and it's not too late to join! Members receive a variety of benefits, and all gifts are tax deductible. For a free and postpaid membership brochure, call or write The Falcon Club, Stadium Ticket Office, BGSU, Bowling Green, Ohio 43403, (419) 372-2401. Do it today!

The Falcon Plaza Motel billboard kept a running total of membership drive results.

Membership drive workers John Weinert and John Kretschmar (left to right) display gag T-shirts at kickoff luncheon.

Joe McGee, Bob Beers and six other auto dealers contributed cars and showroom support.

# Falcon Athletes Enjoyed Continued Success In 1976-77

Solidly connected by its "Roots" to a winning tradition and dedicated to excellence in performance, participation and public service, Bowling Green State University's intercollegiate athletic program continued its growth pattern during the 1976-77 academic year.

Like the ever-growing family tree, the athletic department branched out even more last year. The program doubled in size when 12 women's sports were merged with the men's 13-sport program.

The merger produced a 25-sport intercollegiate program for varsity teams which is the largest, total-sports program in the Mid-American Conference and one of the largest in the Midwest and the national major-college ranks.

Through the efforts and approval of President Hollis Moore, vice president for public services James Hof and athletic director Richard Young, the department implemented a reorganizational plan which attracted national attention for its unique organizational structure.

The department now includes three main divisions: (1) the 22-sport non-revenue area, (2) the three-sport revenue unit for football, men's basketball and hockey and (3) the administrative support staff unit.

From a performance and participation standpoint, the results were rewarding as more than 1,000 student-athletes combined their talents to win 55 per cent of their 669 contests. It was the 21st consecutive year that the school's sports programs have had a winning record of better than 50 per cent.

From a fiscal standpoint, the \$1.4 million budget is divided with the administrative and non-revenue areas primarily funded by the general fees paid by students. The revenue-sports division is funded by gate receipts and income from concessions, parking, guarantees, etc. Additional monies to help pay athletic grants-in-aid and recruiting expenditures are raised from private contributions made to The Falcon Club.

In addition to administration of the intercollegiate program, the athletic department is directly involved with both the educational and public service areas of the University.

The department supervises the University's 18-hole golf course, the Ice Arena and all of the athletic fields and facilities at the University. Through contact with club teams and an extensive intramural program, the department helped provide services to more than 16,000 participants last year.

Between 75 and 100 other athletic events sponsored by community, state and national organizations were also incorporated into the total public service program with BG's modern facilities being used for a variety of events and high school tournaments.

The athletic program also embraces the departments of health and physical education and physical education and recreation with service courses open to all students.

Following is a brief look at the recent history and current status of Bowling Green's 25 varsity teams:

**BASEBALL** — During Don Purvis' six-year coaching operation, the Falcons have averaged 28 wins a season, reaching a high in 1977 with a 36-18 record. The 1972 team won the MAC championship and ranked 13th in the nation. Playing in one of the best baseball conferences in the nation, catcher Larry Owen was a second-team All-America selection in 1977.

**BASKETBALL** — The dynamic John Weinert enters his second year of coaching as BG shoots for its fifth, first-division finish in the league in the last six years. The rich basketball tradition includes six NIT appearances, five NCAA tournaments, and four MAC titles. The last two NCAA champions, Marquette and Indiana, appear on the 1977-78 schedule. The women's team has finished second three times and fourth twice in six Ohio state championships.

**CROSS COUNTRY** — Another undefeated season and runner-up in the conference meet in 1976 kept the men's team rated among the best in the Midwest. BG has 19 winning seasons in 21 years and four, top-10 finishes nationally since 1969. The women's team placed 21st in its first try at the national championship.

**FENCING** — The women's team gained recognition as one of the best in the Midwest this past year with a 10-5 record. The men's team will improve as it faces its second year of varsity competition.

**FIELD HOCKEY** — A winning tradition should help the women's team become a winner again after a couple of hard-luck years.

**FOOTBALL** — Former Michigan State head coach Denny Stolz takes over the coaching duties and will be looking for the team's 22nd winning season in the last 23 years. That winning tradition places Bowling Green among the top 25 winningest teams in major-college football. An appearance in the nation's top 20 (19th) in 1973 and "big-game" victories over Purdue, Syracuse (twice) and Brigham Young highlight the 70's. Future games are booked with Iowa State, Hawaii, Kentucky, Michigan State, North Carolina, Washington and Baylor.

**GOLF** — Eleven tournament championships in the last six years and consistent "top five" finishes gives the men's team one of the best records in the Midwest. Success in the 70's includes two MAC titles and two "Top 30" finishes in the NCAA in 1972 and 1973, a MAC runner-up trophy in 1977, and the thrill of competition on the University's own 18-hole golf course. The women's team recently placed third in the Midwest (1975) and won the state championship in 1974.

**GYMNASTICS** — One of the fastest-rising BG programs from the standpoint of spectator interest and competitive skill, the women's team placed second in the last three state championships and was eighth in the Midwest meet last year.

**HOCKEY** — The Falcons placed fifth in the NCAA championships last year and won the CCHA playoff championship. Coach Ron Mason's team was ranked in the top-10 nationally for the third straight year. Averaging 20 wins a season in the last six years has attracted capacity crowds to one of the best ice arenas in the nation.

**LACROSSE** — In the last four years, the men's team has a 39-6 record which ranks as one of the best in the nation. Three Midwest championships and a 104-29 record in 12 years of varsity play are on the books. The powerful women's team claimed the 1975 Midwest crown and are 22-7-2 for the last two years.

**SOCCER** — In four of the last five years, Bowling Green has been rated one of the four best teams in Ohio. NCAA tournament appearances in 1972 and 1973 highlight the 1970's.

**SWIMMING** — The women's team owns four consecutive state championships and has finished among the top 35 teams at the national meet in two of the last four years. The men's team continues to shatter school records while preparing to move into a new Olympic-sized swimming pool in two years. A record five straight MAC titles (1956 to 1960) highlights the winning tradition.

**SYNCHRONIZED SWIMMING** — For more than two decades, the program has been regarded as one of the best in the nation.

**TENNIS** — The women's team placed second in the state and ninth in the Midwest in 1977 and boasts a 23-5 record in the last three years. The men's squad captured its third, first-division finish in the conference in the last four years.

**TRACK** — The men's team continued to attract national attention as the two-mile relay team placed second at the Drake and Kansas Relays in 1977. Highlights in the 70's include Dave Wottle's Olympic gold medal, Sid Sink's American record in the steeplechase, and second place in the 1972 NCAA indoor championships. The excellent women's team won its second straight Ohio championship and the first Mid-American Invitational.

**VOLLEYBALL** — The women's team rates among the best in the state and placed fifth in the 1976 state championships.

**WRESTLING** — With 21 non-losing seasons in the last 23 years, the Falcons have won three MAC team titles and produced 15 individual champions in the last two decades.

## Getaway for a glorious weekend!

Leave the kids at Grandma's for the weekend. Splash in our pool. Bask in our sauna. Or stretch out in bed, grab the remote control to your color TV and don't get up for anything.

Just a few steps down the hall is one of the best restaurants in town. With candlelight and dancing and entertainment. And for late-night hunger attacks, our coffee house and even room service stay open 24 hours.

You can stop the world and unwind until 3:00 the next afternoon. But why stop there? Indulge yourselves. Stretch it into a whole weekend.
